# <u>Vision</u>

To be the leading University Providing Technical and Vocational Education For all with aspiration to achieve professional excellence.

# <u>Mission</u>

To provide services in human resources, curriculum, learning resources development, research and consultancy. Achieve professional excellence with ethical rectitude and liaise with global Technical and Vocational Education sector, Academic community and Industry.

### 1.0 Message of the Vice Chancellor

The University of Vocational Technology provides the qualification upgrading pathways to degree level for those progressing from Technical and Vocational Education as its main mandate. The total student admission in 2016 increased to 592 students when compare with 560 students in the previous year.

The framework established by the University grants commission for Institutional Review and Program Review was used as the benchmark for quality Assurance work of the University. Setting up of Industry liaison committees for clusters of degree programs and use of comments made by industry representatives for curriculum reforms was one of the main outputs, Peer Assessment of lecturers, student feedbacks, Internal Academic Audits and establishment of a document control system were activities performed in year 2016 towards improvement of course delivery and overall quality improvement of graduates.

The Convocation of the University of Vocational Technology was held in January, 2017 at the BMICH and a total of 92 were contrived Bachelor Degrees. Several Academic staff members commenced their postgraduate studies by registering in Sri Lankan and Overseas Universities during the year 2016. The Skills Sector Development Program established in the Ministry of Skills Development and Vocational Training financially supported the staff members who sought their assistance for these postgraduate studies. Further, academic and administrative staff attended workshops, seminars and conferences in Sri Lanka and overseas during the year. Non -academic staff of the university were provided with short term training aimed at productivity improvement and leadership development.

Students of the University, while pursuing their studies, took part in several exhibitions and competitions. Students also organized several cultural and religious activities to display their talents and to promote harmony within the University community.

The University assisted the work of Skills Sector Development Program by conducting national Diploma in Technical Teacher Education, Certificate course in Training Centre Management, Industrial Training Management and Assessor Training. The University also developed or revised several course curriculum at Certificate and Diploma levels for use in the Technical and Vocational Education and Training sector.

The University College established in 2015 in Batangala operated in 2016 offering Diploma programs leading to NVQ 5&6 qualifications. The University provided academic staff training and administrative and financial support for the operation of colleges.

The progress made by the university in 2016 is attributed to the directions of the Board of Governors, Academic council and the Faculty Board and the untiring work of all academic and non-academic staff if the University and the support of students. I wish to thank all of them for their commendable work and wish that the trends setup will continue in the future years.

Dr,T.A.Piyasiri Vice Chancellor

## 4.0 Introduction

## 4.1 Establishment of the University of Vocational Technology

The University of Vocational Technology was established fulfilling a long waited need of the contemporary society for having a University distinct from other existing universities in Sri Lanka where potential students can be enrolled outside the G.C.E Advanced Level route.

At present, the University of Vocational Technology enrolls students with NVQ level 5 or relevant equivalent qualifications. Persons having those qualifications are different from G.C.E Advanced Level qualified students as they have gone through a diploma level technology programme with substantial industry exposure. Thus, within the undergraduate programmes, students are given higher theoretical knowledge in their specialization and exposed to obtain practical experience with new technological equipment in laboratories. They also achieve an industrial training of six months as undergraduate trainees during the fifth semester of the programme. Having technologically enriched through these activities, students will complete a student project during the final semester which would be product oriented and mostly based on industry requirement.

National Vocational Qualification (NVQ) frame work has come into operation before instituting the University of Vocational Technology, introducing NVQ level 1 to 4 (Certificate level) and 5 to 6 (Diploma level). With the establishment of this University, it completes the pathway up to NVQ level 7 which is the degree level. Hence, prospective diploma holders coming through pathways of either NVQ or non NVQ are now having the opportunity to be graduated in technology streams at the University of Vocational Technology.

## 4.2 The Objects of the University

- a) Assist in the progressive development of students in technical and vocational education and training system, based on their aptitudes and abilities to acquire a University education;
- b) Provide pedagogical training for those undergoing training while serving in the technical and vocational education sector and industry;
- c) Assist in the development of course curricula for technical and vocational education and training;
- d) Provide course of study for middle level technical personal having qualifications as acceptable for admission of the University;
- e) Provide courses of study for those with National Vocational Qualification to upgrade their competency and acquire academic qualifications;
- f) Provide extension courses on continuous professional development; and
- g) Provide extension service to the public including institutions, in the construction, manufacturing, and service sectors.

### 4.3 Organizational Structure and courses of study of the University

The Internal structure of the University of Vocational Technology has been formulated to meet demands of the stakeholders of the filed such as the industry and also to satisfy the requirements of general community who seeks further and professional development in their careers. Accordingly, in addition to the administration and finance divisions, two faculties and a centre for continuing professional development were established.

### 4.4 Faculty of Industrial and Vocational Technology

This faculty of the University was established with the intention of opening pathways for middle level technically trained individuals saving in the industry to develop their knowledge skills and attitudes for their career advancement. There had been little or no opportunity in the country for those technically trained persons to obtain degrees and higher level qualifications in their respective fields. Degree programs that are offered by the faculty of Industrial and Vocational Technology would fill this gap and create more openings in not only conventional technology areas like civil, mechanical and electrical but also more integrated areas like building services, mechatronics and food process technology.

Faculty of Industrial and Vocational Technology offers 7 degree programmes leading to Bachelor of Technology (B Tech) in disciplines of Mechatronics Technology, Manufacturing Technology, Building Services Technology, Food Processing Technology and Film and Television Production Technology, Quantity Surveying and Construction Technology. Initiative actions had been taken to introduce new degree program of Hotel Management in year 2017.

## 4.5 Faculty of Training Technology

Faculty of Training Technology has been established to create opportunities for higher studies in the fields of teacher Education, Information and Communication Technology and Management. All degree courses conducted by the faculty are designed with the intention of opening pathways for middle level technicians and trainers in order to develop their knowledge, skills and attitudes to a higher level. At presents the faculty conducts five degree programmes for diploma holders, TVET trainers and school Teachers qualified in relevant fields.

The Faculty offers 2 degree programmes leading to Bachelor of Education and 4 degree programmes leading to Bachelor of Technology. Bachelor of Education in Technology (B Ed Tech) focuses on imparting teaching and training methodologies pertaining to technology education. B Ed in English Language Teaching is the other B. Ed programme. Faculty commenced a new programme in 2016 leading to B. Tech in Industrial Management.

All three ICT courses namely, B.Tech in Software Technology, B.Tech in Network Technology and B.Tech in Multimedia and Web Designing Technology continued in 2016. During the first year of these three degree courses studies are combined in computer science, software development, information systems, multimedia, web development and computer networks. Later the opportunities are created to specialize in the areas of software development, information systems, computer networks, web development and multimedia production. Further a new degree programme B.Tech in Industrial Management was introduced to match the demand of the Industrial sector.

### 4.6 Continuing Education Centre

Continuing Education Centre (CEC) is the University arm formulated to conduct Diploma, certificate, short courses, continues professional development programmes and other extension programmes. As empowered by the Act of Parliament, the University is continuing the training courses such as diploma, certificate and series of short courses initiated by the former organization, National Institute of Technical Education of Sri Lanka (NITESL).

Among short term professional development programmes, Trainer Training and Assessor Training programmes are to be underlined due to the demand and essentiality in the field. Training of Trainers Programmes (TOT) are designed for professional development of the personnel of the industry and Teaching fields of the TVET sector. These courses are more practically oriented and sometimes, for some areas, those would be continuing for another period of one week or two weeks for further training.

Training of Assessors programme is highly significant for the all public and private training institutes of the TVET sector. Trainee Assessors are selected by the Tertiary and Vocational Education Commission and forwarded to the CEC for training. At the University they will undergo a one week training programme on assessment methodology including mock assessments.

# 5.0 Faculty of Industrial and Vocational Technology

### 5.1 Student Intake – 2016

Aptitude test to select students for the two batches (Weekday and Weekend) of the programmes of B. Tech. in Manufacturing Technology, Mechatronics Technology, Building Services Technology, Food Process Technology, Film & Television Production Technology, Construction Technology & Resource Management and Quantity Surveying was conducted on 28<sup>th</sup> February 2016. Based on the performance of the Aptitude test 335 students were admitted for the academic year 2016/2017. Details are given in Table 1.

#	B. Tech. Degree Programme	Mode of	No. of Students registered				
#	B. Tech. Degree Programme	conduct	Male	Female	Total		
1.	Manufacturing Technology	Weekend	22	00	22		
2.	Mechatronics Technology	Weekdays	18	03	21

Gra	nd Total registered in the Faculty o	of Industrial and	d Vocational Tec	hnology	335		

Table 1 : Student Intake – Faculty of Industrial & Vocational Technology for the academic year 2016/2017.

### **5.2 Foundation Programme**

Inaugural ceremony and the orientation programme were commenced for weekday programme on 21<sup>st</sup> March 2016 and weekend programme on 19<sup>th</sup> March 2016. Foundation programme for selected students of the weekday programme was commenced on 04<sup>th</sup> April 2016 on essential basic subjects such as Mathematics, Information Technology and English. This programme was ended on 29<sup>th</sup> April 2016.

The same programme for the selected students of weekend programme was commenced on 09<sup>th</sup> April 2016 and concluded on 15<sup>th</sup> May 2016.

### 5.3 B. Tech. Degree (Weekday & Weekend) Programmes

The proper degree programmes for the newly registered weekdays-batch (B1) and weekend-batch (B2) were commenced on 09<sup>th</sup> May 2016 and 28<sup>th</sup> April 2016 respectively. Semester 3 of the second year (B1) batch was also commenced in parallel with the fresh B1 batch on 09<sup>th</sup> May 2016. During the whole semester 5, I.e. from March to September 2016, final year students underwent Industry Training at various places in the industry.

#### University of Vocational Technology – Annual Report 2016

Details of students population of B. Tech. degree programmes offered by the faculty is given in table 2.

### 5.5 Visiting Lecturers in 2016

Faculty is obtaining services of visiting lecturers and resource persons due to the following;

- Due to the shortage of permanent academic staff
- To establish better linkages with industry and academia of other universities and higher education institutions

Details of visiting lecturers employed by the faculty for all degree programmes are given in Table 4.

### 5.6 Exemptions granted for B. Tech Students

Exemptions were granted to students based on the policy on granting exemptions approved by the Academic Council. Students were considered to be eligible for exemptions only if they had NVQ 6 diploma or equivalent or higher qualification. Exemptions were granted for modules provided that the student has successfully completed the equivalent subject at diploma level. Students were required to produce original transcript of the Diploma as evidence.

Students who sought exemptions had to apply under two categories. Students in Category 01 were granted exemption from attending lectures and practical classes and all assessments including semester end examination. However his/her performance in the particular module was considered to be equivalent to simple pass for the purpose of calculating GPA. Students fell into category 02 were granted exemptions from attending lectures and practical classes. But they were required to complete the continuous assessments and sit for the semester end examinations. Consequently, performance levels that the students achieved at those evaluations were counted for their GPA calculation.

The number of students for whom exemptions were granted under the above two categories is given in Table 5.

#	P. Tash (Weekend) Course 2015	No. of Students received exemption			
#	B. Tech. (Weekend) Course - 2015	Category 01	Category 02		
1.	Mechatronics Technology	13	01		
2.	Manufacturing Technology	05	00		
3.	Building Services Technology	10	00		
4.	B. Tech. Construction Technology & Resource Management	21	01		

#### Table 5 : No. of Students received exemption from Semester - I

### 5.7 Work Based Industrial Training

Work based industrial training is an important mandatory component of Bachelor of Technology programmes, which lasts for six months except in Food Process Technology where it is three months. This module is offered in semester 5. Students are placed in industry in collaboration with National Apprentice & Industrial Training Authority under its undergraduate training placement scheme. Comprehensive assessment scheme was developed to assess the work based industrial training of students as this component is considered in calculation of students Grade Point Average (GPA).

#### **5.8 Research**

All academic staff members of the faculty are engaged in research activities. Those who submitted proposals in 2015 submitted their research reports and submitted new proposals for 2016 and are continuing the research. Annual research symposium was conducted on 01<sup>st</sup> September 2016 as those who completed research activity in 2015 were given a chance to present their papers, after obtaining their abstracts reviewed by an external panel.

### **5.9 Faculty Board Meetings**

Meetings of the Faculty board were conducted on each month. Total of 12 meetings were held during 2016.

External faculty board members were appointed to the Faculty Board from 1<sup>st</sup> of January 2015, under Part V Section 25 (g) of the UNIVOTEC Act, for a period of 3 years.

### 5.10 Details of Student Representative

Mr. R.K.A.D.P. Ariyarathne (Mechatronics Technology – B1) and Mr. G.D.D.R. Jayasinghe (Food Process Technology – B2) served as Student Representatives of the Faculty Board till July 2015. Thereafter they were replaced with Miss. H.A.A.S. Hettiarachchi (Building Services Technology – B1) and Mr. W.D.N. Pushpakumara (Mechatronics Technology – B2).

### **5.11 Participation in Exhibitions and Competitions**

Students of the faculty participated in the Techno 2016 exhibition organized by the Institution of Engineers, Sri Lanka.

Students participated in the Robotics Competition organized by the Uva Wellassa University under the guidance of Mr. S.P.A.R.S Jayathilake - Senior lecturer and Head, Electrical and Electronic Technology. Students won first place of the competition securing gold and silver medals beating students of other established universities.

### **5.12 Staff Recruitments**

- 1. Eng. T.D. Denagama Lecturer (Probationary)
- 2. Eng. D.T. Ganegoda Lecturer (Probationary)
- 3. Ms. G.M.S.R.G. Manawadu Lecturer (Probationary)
- 4. Ms. W.K. Moramudali Lecturer (Probationary)
- <sup>5.</sup> Mr. W.K. Lankapura Demonstrator

- 6. Mrs. G.W.A.S. Lakmini Demonstrator
- 7. Mr. K.G. Shan Maduwantha Lab Technician

## **5.13 Staff Development Programmes**

UNIVOTEC is implementing the human resource development policy developed by the ministry under the sector skills development programme. Following staff members were given opportunities for developing their capacity by undergoing various short term training programmes conducted locally as well as overseas.

#### <u>Local</u>

Academic staff members participated in training programmes and workshops are given in table 6.

Name of Trainee	Designation	Institution/Trainer	Name of Training	Duration
Ms. S R M P	Lecturer	Construction Industry	Pre-stressed Concrete	
Senevirathne	(Probationary)	Development Authority	& Estimation in	1 day
			Construction

#### <u>Overseas</u>

Academic staff members participated in training programmes and workshops are given in table 7.

Name of Trainee	Designation	Institution / Trainer	Name of Training	Duration
Dr. D.D.D. Suraweera	Senior Lecturer II / Dean (FIVT)	Ministry	Visit Germany on a study tour	05 day
Dr. D.D.D. Suraweera	Senior Lecturer II / Dean (FIVT)	The High Commission of the Republic of	Familiarization visit to Seychelles	5 day
Eng. S.P.A.R.S. Jayathilaka	Senior Lecturer II	Seychelles in Colombo	,	
Mr. K.M.S.A.D. Bandara	Senior Lecturer II	Sri Lanka National Broadcast (Sri Lanka) - Korea	Dubbing, Subtitling and TV Programs Production Training - Korea	14 day
Mr. M.W.P. Maduranga	Lecturer (Probationary)	Maejo University	IEEE International Computer Science and Engineering Conference	8 days

Table 7: Academic staff members participated in training programmes (overseas)

## 5.14 Scholarship of Postgraduate Studies

Following Academic Staff members were offered scholarship to study for their Ph.D under the Sectors Skills Development Programme of the Ministry. Details are given bellow.

- 1. Mr. Jayalal Wettasinghe Asian Institute of Technology Thailand
- 2. Mr. S.D.A. Sanjeewa Asian Institute of Technology Thailand
- 3. Mrs. Malkanthi Thenabadu Faculty of Graduate Studies, University of Colombo
- 4. Mr. Pasan Maduranga MSc. Eng., University of Peradeniya (Course fee reimbursed)

### **5.15 Accreditation**

Application for accreditation of degree for IESL was submitted in April 2016 for the following three degrees.

- B. Tech. in Manufacturing Technology
- B. Tech. in Mechatronics Technology
- B. Tech. in Building Services Technology

### 5.16 General Convocation- 2016

Convocation of the University held on 16<sup>th</sup> January 2017 at BMICH. Twenty Seven (27) students of the Faculty of Industrial and Vocational Technology who followed B. Tech. degrees in Building Services Technology, Mechatronics Technology and Manufacturing Technology graduated and the details are in given Table 8.

Title of the Degree Course	No. of Students
B. Tech. Building Services Technology	06
B. Tech. Manufacturing Technology	06
B. Tech. Mechatronics Technology	15
Batch Total	27

#### Table 8: Details of Graduates

#### 5.17 Targets in 2017

It is expected to enrol 340 students in the 2017 / 2018 Academic Year.

# 6.0 Faculty of Training Technology (FTT)

Faculty of Training Technology of the University of Vocational Technology has been established for conducting academic programmes in the specialization areas of education, teaching and training technology.

The Faculty provides a variety of programmes leading to B.Tech and B.Ed degrees in ICT, Education, ELT and Management for TVET trainers and those who are in other government and private sector training institutes and interested in pursuing higher education. The programs are offered with the intention of opening pathways for middle level technicians and trainers in order to develop their knowledge, skills and attitudes to a higher level so that they will be able to perform better at work places and pursue their higher studies.

These degree programmes are specially designed for those who have passed out from COTs , teachers in schools and TVET sector and others holding the required diploma level qualifications to upgrade their competencies up to degree level.

A Foundation program has been designed for bridging the core knowledge, skills and attitudes in basic modules such as Mathematics, English and Basic Information technology and conducted for one month at the commencement of each program every year.

Based on the performance of the Aptitude test, the students were admitted to the respective degree programmes for the academic year 2016/2017. Details are given below.

#	D. Tash. Daswas Draswawas	Mode of	No. of St	No. of Students registered			
#	B. Tech. Degree Programme	conduct	Male	Female	Total		
1.	B.Tech in Multimedia & Web Technology	Weekdays	05	21	26

### **6.1 Foundation Programme**

The inauguration ceremony and the orientation programme were conducted on 05<sup>th</sup> & 06<sup>th</sup> April 2016. Foundation programme for selected students of the weekday programme was commenced on 7<sup>th</sup> April 2016 on essential basic subjects such as Mathematics, Information Technology and English. This programme was ended on 6<sup>th</sup> May 2016.

The same programme for the selected students of weekend programme was commenced on 09<sup>th</sup> April 2016 and concluded until 15<sup>th</sup> May 2016.

### 6.2 B. Tech. Degree (Weekday & Weekend) Programmes

First semester of year 1 for week day degrees were commenced on 16<sup>th</sup> May 2016. After 16 weeks, Semester 1 end examination was held from 13<sup>th</sup> to 30<sup>th</sup> of September 2016. Second semester of year 1 was commenced on 24<sup>th</sup> October 2016.

First semester of year 1 for week end degrees was commenced on 28<sup>th</sup> May 2016. After 22 weeks, Semester 1 end examination was held on 05<sup>th</sup> November to 20<sup>th</sup> November 2016. Second semester of year 1 was commenced on 10<sup>th</sup> December 2016.

A summary of student intake for all B. Tech. and B. Ed degree programmes is given in the following table.

Table 10 : Summary of Student Intake for all B.Tech. and B.Ed degree programmes

### 6.4 General Convocation- 2016

Table 12 : Degree awarded by the faculty in 2016

Title of the Degree Course	No. of Graduands
Bachelor of Education in Technology	02
Bachelor of Technology in Multimedia & Web Technology	27
Bachelor of Technology in Network Technology	20
Bachelor of Technology in Software Technology	16
Batch Total	65

General Convocation of the University was held on 16<sup>th</sup> January 2017 at BMICH. 65 students of the Faculty of Training Technology who followed B.Ed and B.Tech. degrees in Education Technology, Multimedia & Web Technology, Network Technology, and Software Technology graduated on that day. Details are given below.

### 6.5 Details of Academic Staff

The permanent academic staff members of the Faculty shown below were involved in delivering lectures conducting practical sessions, preparing and evaluating assignments and written question papers and all other academic activities.

#	Name & Designation	Course	Module / Subject
01	Mr. L W S Kularatne Dean, Senior Lecturer Gr. II	B.Ed (ELT)	1.Business&ProfessionalCommunication Skills2.Poetry

## 6.7 Exemptions Granted for B. Tech students

Policy on granting exemption was developed. Students were considered to be eligible for exemptions only if they had NVQ 6 diploma or equivalent or higher qualification. Exemptions were granted for modules provided that the student has successfully completed the equivalent subject at diploma level. Students were required to produce original transcript of the Diploma as evidence.

Students who sought exemptions had to apply under two categories. Students in Category 01 were granted exemption from attending lectures and practical classes and all assessments including semester end examination. However his/her performance in the particular module was considered to be equivalent to simple pass for the purpose of calculating GPA. Students fell into category 02 were granted exemptions from attending lectures and practical classes. But they were required to complete the continuous assessments and sit for the semester end examinations. Consequently, performance levels that the students achieved at those evaluations were counted for their GPA calculation.

The list of student numbers for whom exemptions were granted under the above two categories is shown below.

#### University of Vocational Technology – Annual Report 2016

#	B. Tech. (Weekend) Course - 2016	No. of Students received exemption		
#	B. Tech. (weekend) Course - 2016	Category 01	Category 02	
1.	Network Technology	01	00	
2.	Industrial Management (Whole semester except Communication Skills were exempted)	04	00	

#### Table 15 : No. of Students received exemption from Semester - I

### 6.8 Industrial Training

Industrial training is an important component of Bachelor of Technology programmes, which lasts for six months. After restructuring the curriculum structure, this module is offered in semester 5. Students are placed in industry in collaboration with National Apprentice & Industrial Training Authority under its undergraduate training placement scheme.

### 6.9 Industrial Liaison Committees

Industrial liaison committees have been established for each degree programme to assist and advice on the conduct of the programmes so that it would enhance the quality of delivery and final product. The committees have met and the feedback received would be used for improving the quality of the degree programmes.

### 6.10 Curriculum Revision of the Degree Programmes

The first circle of curriculum revision of all the degree programmes offered by the Faculty have commenced in the year 2016.

### 6.11 Research

All academic staff members including the newly recruited members of the Faculty have been conducting research activities. Those who submitted proposals in 2014 and 2015 have submitted their draft of the reports.

### 6.12 Research Symposium

The First research symposium of the University was held on 01<sup>st</sup> September 2016 at University Auditorium.

The details of the research papers presented in this symposium from this Faculty are as follows. Table 16 : Research papers presented in the symposium-2016

#	Name	Proposal Name
01.	Prof. Shironica P Karunanayaka	Capacity Building in online Courseware Development for Technical Teacher Education
02.	Mr. L. W. S. Kularatne	Teaching Reading Comprehension through Cooperative Learning Method to the Undergraduate Students of the University of Vocational Technology

03.	Mr. Sudath Liyanage	'Phraseology: Developing a Method to Improve Writing Skills in Mature Non-native English Language Learners			
04.	Ms. U. Sivachelvy	Effectiveness of Vocational Training A Case Study for Colombo District			
05.	Mr. P. Uruthiran	Study on Attributes of Information and Communication Technology Graduates in the Area of Software Technology			
06.	Ms. Surani Nambuwasam	E-Learning Approach to Create Subject Knowledge Uniformity of First Year ICT Undergraduates of the University of Vocational Technology			

## 6.13 Faculty Board Meetings

Meetings of the Faculty board were conducted each month so that 12 meetings were held during 2016. Mr. A H G J H Chameera (Software Technology) and Mr. S A Samoon (Industrial Management) had been nominated by the Students' Assembly as Student Representatives to the Faculty Board.

### 6.14 CSR programmes

- The students conducted a CSR programme titled "Sisu Sithata Sisilak" to assist school children in Anu/ Kadurupitiya Asokamala Vidyalaya, Wilachchiya, from 26<sup>th</sup> to 28<sup>th</sup> November 2016.
- Organizing guest lectures
- Tree planting programme conducted by Environmental Society
- Thai pongal, New Year Festival, Vesak Celebrations, Christmas Celebrations
- Volley Ball Tournament, Carrom Tournament
- The Faculty Board has proposed a series of activities to assist those who in need of financial and educational assistance in close proximity to the University.

## 6.15 Participation in Exhibitions

- Undergraduate students of the Faculty have participated in Techno Sri Lanka 2016 exhibition representing the University.
- 10 groups of students participated in Uwa Wellassa Robotics competition.
- 03 groups of students participated at Ruhunu University Robotics competition.

### 6.16 Staff Recruitments

- 1. Ms. K M P B N Perera was recruited as Demonstrator on 01<sup>st</sup> June 2016
- 2. Mr. Johann Zerbe was attached to Dept. of Language Studies as a WUSC volunteer.

#### Service obtained on Sabbatical Leave

Prof. (Mrs.) S P Karunanayaka who was recruited on 07<sup>th</sup> September 2015 under sabbatical leave ended her service on 06<sup>th</sup> September 2016.

### **6.17 Staff Development Programmes**

Academic staff members who participated in training programmes.

**Overseas - Postgraduate Studies** 

Mr. L W S Kularatne - Ph .D Candidate at Open University, Malaysia - Completed course work of

		four semesters
Mr. S A Liyanage	-	Ph .D Candidate at Open University, Malaysia - Completed course work of
		four semesters
Eng. H P A I Pathirana	-	Following Master of Information Technology Degree at Flinders University,
		Australia

#### **Overseas - Short term Training**

The following officers participated in short-term foreign training programmes.

Name of the Officer	Name of the Seminar	Duration	Country
Mr. L W S Kaularatne			<u></u>
Mr. S A N Danushka	Study Tour	11 06 2016 to 10 06 2016	
Ms. Y G Padmashanthi	_ Study Tour	11-06-2016 to 19-06-2016 Germany	
Ms. Y S Manathunge	_		
Mr. S A Liyanage	Conference on Raising Productivity in Higher Education	28.08.2016 to 02-09-2016	Indonesia
Mr. L W S Kularatne	Leadership Training Programme	21-08-2016 to 03-09-2016	Singanoro
Mr. S A Liyanage		20-11-2016 to 03.12.2016 Singapore	
Ms. T K Malwatta	Seminar on Macro policy for Developing Countries	11-10-2016 to 31-10-2016	China

Table 17 : Foreign Training-Faculty of Training Technology

### 6.18 Targets in 2017

All the degree programmes that have been offered by the Faculty in the year 2016 will be offered with more emphasis on quality assurance and maintenance of provision of maximum benefits to the students.

A postgraduate programme in Education Management has been planned to be designed and delivered in the year 2017. The online mode of delivery of all Academic programmes is to be enhanced.

#### **Curriculum Development Unit**

 Table 18 : Progress of Curriculum Development

#	Coordinator	Curriculum	Completed workshops	Progress
1.	Mr. Indika Pushpakumara	Batik artist	06	95% completed
		Business Associate	04	75% completed
		Millwright Fitter	02	20% completed

15.	Mr. S A N Danushka	Day Care Center Assistant	0	Validated NCS is not yet received	

### **7.0 Continuing Education Centre**

Continuing Education Centre (CEC) has been coordinating and conducting Diploma, certificate, short courses, continuous professional development programmes and other extension programmes, since the inception of the University. It is the University arm which continues the activities of preceding institute, National Institute of Technical Education of Sri Lanka, as empowered by the Act of Parliament.

Among short term professional development programmes, Training of Trainers (ToT) and Training of Assessors (ToA) programmes are conducted based on the demand and essentiality in the field. These are designed for professional development of the personnel of the industry and teaching fields of the TVET sector. Although these programmes are small in duration, these are more practically oriented providing opportunities for experiencing real environment of work.

### 7.1 Diploma Programme

	Certificate	Duration	No of Participants

ToT Programme - Ocean University of Sri Lanka-No of participants-22

### 8.0 Admission, Accreditation and Quality Assurance Division

### 8.1 Introduction

The AAQA Division was established in September 2014. During its first year, it was focusing on developing and revising the existing necessary documents such as By-laws, Regulations, Rules and Procedure, and during its 2<sup>nd</sup> year, it gradually focused on increasing the number of students for university intakes, accreditation processes and initiating quality assurance measures.

### 8.2 Concise Quality Assurance Framework

University of Vocational Technology, hereinafter referred as UNIVOTEC, has a quality assurance framework. The features and functions of the framework assure the quality of the UNIVOTEC in following areas:

- 1. The generally accepted standards of legal requirements for a degree awarding institute.
- 2. The standards of Physical resources
- 3. The standards of degree programmes
- 4. The competence and qualifications of teachers of the University
- 5. Research activities
- 6. Modes of delivery of educational programmes
- 7. Assessment procedures
- 8. Student welfare

The UNIVOTEC was established by the parliamentary Act No. 30 of 2008, as a fully-fledged university, which covers all legal requirements to function as a degree awarding institute in Sri Lanka, as it has been introduced in its official website.

'Established in 2008, under the University of Vocational Technology Act Number 31 of 2008, the University of Vocational Technology has the same legal and academic status as any other national university in Sri Lanka. According to Section 6 and 7 of the Public Administration Circular No. 16/92, dated 13.03.92, issued by the Ministry of Public Administration, Provincial Councils & Home Affairs, the degrees awarded by University of Vocational technology are treated as equivalent to degrees awarded by any other University under the purview of the University Grants Commission, and the universities listed in Association of Commonwealth Universities, and / or in the International handbook of Universities."

The necessary infrastructure which includes, an administrative block, lecturer halls, library, laboratories, auditorium, cafeteria and hostels, has been established and is being developed according to requirements with enhancement of the UNIVOTEC.

The standards of the degree programmes, the prime aim of the UNIVOTEC, are assured by the total functions of the Quality Assurance Framework which is described in detail in this document.

The aforementioned Act stipulates Officers of the UNIVOTEC, their responsibilities, and the administrative bodies, which are parallel to such bodies of other universities in Sri Lanka, to ensure the conduct of programmes of study in generally accepted norms and standards.

The Officers of the University are;

- Vice Chancellor 1.
- 2. Deans
- **Director General** 3.
- 4. **Director Finance**
- **Director Media and Information** 5.
- Director Admission, Accreditation, and Quality Assurance 6.

The administrative bodies are;

- 1. The Board of Governors
- 2. The Academic Council
- 3. The Admission, Accreditation, and Quality Assurance Council

4. Faculty Boards (The composition of the above bodies has been explicitly mentioned in the said Act.)

The functions of these bodies are described concisely to explain how required quality is assured. Study Programmes are conducted under two faculties namely, Faculty of Training Technology, and the Faculty of Industrial and Vocational Technology. All matters pertaining to study of programmes, which include the modules, mode of delivery, examinations, assessment, etc, are discussed and monitored at the faculty boards.

The recommendations and decisions that are taken at the Faculty Boards are forwarded to the Academic Council for its approval. The Academic Council may seek approval of the Board of Governors for the matters based on the situation and the magnitude of them. The Academic Council is tantamount to the Senate of conventional universities in Sri Lanka as far as the composition and functions are concerned.

The Admission Accreditation and Quality Assurance Council is referred to when decisions are to be taken about admission procedures, accreditation of programmes of study, schemes of Recruitments, academic and administrative matters pertaining to University Colleges, and general quality assurance processes of the University.

The University has an Examinations and Evaluation Centre, which is responsible for conducting and monitoring examinations, marking answer scripts, recording the results and issuing certificates. The procedures are similar to those of other universities in Sri Lanka.

The University also has a Quality Assurance Committee (QAC) which meets monthly to take initiatives to ensure that programmes of study are conducted within the expected norms and standards, and to enhance related facilities and student welfare. A monthly progress report is put forward to the Academic Council by the QAC.

All functions of the officers, and bodies mentioned above are governed by a set of by-laws, regulations, rules, procedures, and policies that have been developed and approved by the University.

Such documents include:

#### By -Laws

- By law for the award of degrees, post graduate diplomas and higher degrees by the University of Vocational Technology.
- By law for conduct of examinations, offences, punishments and appeals procedure.
- By-law for the University students' assembly at the University of Vocational Technology.
- By-law for residence and student discipline at the University of Vocational Technology.
- By law for the award of certificates of competence, elementary certificates, certificates, advanced certificates, diplomas and advanced diplomas by the University of Vocational Technology.
- By-laws on the procedure of convocation of the University of Vocational Technology.

#### Regulations

- Regulations for the award of the degree of bachelor of education in Technology by the University of Vocational Technology.
- Regulations for the award of the degree of bachelor of Technology by the University of Vocational Technology.
- Regulation for the award of certificates of competence, elementary certificates ,advanced certificates, diplomas and advanced diplomas by the University of Vocational Technology.

#### Rules

- Rules for the award of the degree of Bachelor of education in Technology by the University of Vocational Technology.
- Rules for the award of the degree of Bachelor of Technology in industrial & Vocational Technology by the University of Vocational Technology.
- Rules for the election of Dean of a faculty at the University of Vocational Technology.
- Rules for the conduct of proceedings of the University of Vocational Technology appeals Board.
- Rules for the award of certificates of competence, elementary certificates, certificates, advanced certificates, diplomas and advanced diplomas by the University of Vocational Technology.

#### Procedures

- Procedure- Admission procedure, and registration
- Procedure- Exemptions
- Procedure Answer scripts re-scrutinizing of results

### 8.3 Admission -2016

As a measure of increasing the number of students for especially weekday programmes a decision was taken to enrol students from General Certificate of Examination Advanced Level) from the year 2017, and all necessary approvals from the Faculty Boards, Academic Council, Admission, Accreditation

Council, and the Board of Governors were taken. The process commenced in the year 2016. The details will be included in the 2017 Annual Report.

# 8.4 Accreditation

The University applied for accreditation from The Institute of Engineers, Sri Lanka (IESL) for three of its programmes:

- Bachelor of Education in Mechatronics Technology
- Bachelor of Technology in Building Services Technology
- Bachelor of Technology in Manufacturing Technology

Following NVQ programmes were accredited in the year 2016 by the Tertiary and Vocational Education Commission

• National Diploma in Technical Teacher Education (NVQ Level 5)

• National Diploma in Quantity Surveying (NVQ Level 6)

The first academic audit was conducted in the year 2016, and details will be included in the 2017 annual report. In the meantime, it is being discussed at the ministerial level that the University should get the UGC accreditation for its study programmes, the AAQA Division made arrangements to educate the staff about the requirements that they should be ready for getting their programmes accredited from UGC.

# **8.5 Quality Assurance**

AAQA Division of the UoVT is actively participating in enhancing quality enhancement related programmes in the University as well as programmes conducted by the Ministry of Skills Development and the Tertiary and Vocational Education Commission. The Division initiated a two-day training programme for the staff of TVET institute namely "Developing Quality in Major Steps: The path ahead in TVET" and during the year 2016 240 were trained. Two TOT programmes were held in the University to train the staff on online learning as well, equipping lecturers to use a Learners management System enhance integrative, interactive and collaborative learning, which the trend in contemporary global education is. Measures were taken to train the staff of newly established University Colleges, and as a result, three University Colleges out of six have installed Quality management Systems (QMS).

More tangible results of the initiations taken during the first two years by this newly established division will hopefully appear in the 2017 annual report. Even though some processes, functions, and events like publishing News Letter, Co-Curricular Activities, Research Symposium, Aesthetic Programmes, the Division participated actively as such activities directly enhances quality in an educational institute.

# 9.0 Department of General Administration

Department of General Administration facilitates the smooth operation of the University whist managing the Human Resource of the University in the sense of Academic and Administration staff. The main administrative facilitation includes,

- Documents office management
- Information routing and tracking
- Routine operation of programs
- Daily administration of program activities, including Mail, document, and message handling
- Scheduling meetings, conferences and other events of the University.
- Travel arrangements
- Office supply control
- Routine inquiries and replies
- Documents unit staff meeting proceedings

• Documents on-going and one-time planning, review, and evaluation of unit programs, projects, and services

### **New Recruitments**

The Board of Governors approved following new appointments.

Table 20 : New Recruitments

No	Designation	Number of appointment
1	Lecturer (Probationary)	04
2	Producer	01
3	Demonstrator	03
4	Associate Officer	06
5	Technical Officer (Lab)	01
6	Management Assistant	03

### Promotions

The Board of Governors approved the following promotions for internal staff. Table 21 : Promotions

No	Name	Designation	Date of promotion
1	Mr. M G Dharmasiri	Senior Assistant Registrar	1/6/2016
2	Mr. N L J C Liyanage	Associate Officer	1/6/2016
3	Ms.K G Alahapperuma	Senior Lecturer Gr.II	1/6/2016

### Resignations

Board of Governors approved the following resignations.

Table 22 : Resignations

No	Name	Designation	Date of Resignation
1	Ms. K K Prasansa	Associate Officer	20/01/2016
2	Mr. D D Wijesinghe	Senior Lecturer Gr.I	3/10/2016
3	Mr.M M K S Disanayaka	Producer	5/6/2016
4	Ms. M D A Priyadarshika	Lecturer (Probationary)	30/5/2016
6	Dr. T A Piyasiri	Vice Chancellor	13/9/2016
7	Ms. D S Samaraheva	Assistant Registrar	30/9/2016
8	Ms. I H H Isurika	Management Assistant	2/11/2016
9	Ms. M D R Rasanjalee	Associate Officer	9/11/2016

### 9.1 Opportunities for staff Developments

The University recognized that its staff is the fundamental to its success. A strategic, professional approach to staff development helps the University to attract and retain high-caliber staff with the skills and competencies necessary to deliver its objectives.

It is a sole responsibility of the University Administration to provide staff with development opportunities to ensure that individuals and departments are able to contribute fully to the achievement of department and University objectives in the context of the strategic plan.

According to the Human resource development policy of the University it focused to orient, train and develop personnel by improving skills, knowledge, capabilities and competencies required to perform well on their job. By offering programs designed to promote personal and professional career growth, they would enable the University to improve efficiency, productivity and profitability.

Accordingly in the year 2016 University made a significant attention on the staff development and invested a remarkable portion of money on capacity building programs to enhance the knowledge, soft and hard skills and attitudes of the University community. Therefore University sponsored for local and foreign training opportunities for both Academic and Non Academic staff for the career development.

# 9.2 Sponsorship for Post Graduate Studies - Local

No	Name	Designation	Name of Course	Course fee
1	Mr. M W P	Lecturer (Probationary)	Master of Science in Engineering	Rs.205,700/-
	Maduranga		Programme - University of Peradeniya	

## 9.3 Short term Trainings for Academic members – Foreign and Local

In par with the Annual Human Resource Development Plan of the University selected academic members award the opportunities to undergo with specified foreign and local training programs funded by the funds allocated to the capacity development fund of the University and funds of the Skill sector Development Fund. Summary of the grants in year 2016 as following tables 23,24.

## 9.4 Short term Trainings for Non Academic members

All non-academic staff members were granted opportunity to undergo with respective short term trainings on skills, knowledge and attitude on selected subject areas respectively with their job scope. Summary for 2016 as following table 25.

#### Table 23 : Foreign Training for Academic staff

Name of Training	Duration	Date	Institution/Trainer	Title	Trainee	Designation
Visit Germany on a study tour	10 day	11 June to 19 June 2016	Ministry	Dr.	D D D Suraweera	Senior Lecturer II/Dean (FIVT)
				Mr.	L W S Kularathne	Senior Lecturer II/Dean (FTT)
				Ms.	Y G Padmashanthi	Senior Lecturer II
				Ms.	Y S Manathunga	Lecturer (Probationary)
				Mr.	S A N Danushka	Lecturer (Probationary)
Familiarization visit to Seychelles	5 day	22/08/2016-26/08/2016	The High Commission of the Republic of Seychelles in Colombo	Dr.	D D D Suraweera	Senior Lecturer II/Dean (FIVT)

# **10.5 Notes to the Financial Statements**

# **10.5.1 Significant Accounting Policies**

# **10.5.2 General Policies**

# **10.5.3 Reporting Entity**

University of Vocational Technology (hereafter referred to as the "University") was incorporated by Act of parliament No.31 of 2008, and is situated at No.100, Kandawala, Rathmalana.

# **10.5.4 Principal Activities**

- a. Conducting undergraduate programmes
- b. Development of postgraduate programmes
- c. Conducting researches relating to TVET Education
- d. Developing curricula for TVET institutions
- e. Developing degree curricula
- f. Developing learning materials
- g. Conducting short term training programs, seminars and workshops for professional development

# **10.5.5 Basis of Preparation**

# a. Statement of Compliance

The Financial Statements have been prepared in conformity with Sri Lanka Public Sector Accounting Standards . The accounting policies are consistent with those used in the previous period, except where it is disclosed.

The Financial Statements have been prepared on Going Concern basis since there is no intention of dissolving the institution in future period (2017).

## b. Basis of Measurement

Financial statements have been prepared on historical costs basis and no adjustments are made for changes in values, except where it is stated.

## c. Functional & Presentation Currency

Financial Statements are presented in Sri Lankan Rupees, which is the functional & presentation currency of the University.

All financial information presented in Sri Lankan Rupees has been rounded to the nearest Rupee, unless stated otherwise.

## **10.5.6 Comparative Information**

Comparative information is disclosed in respect of the previous period to enhance the understanding of the financial statements of the current period.

When the presentation or classification of items in the financial statements have been amended, comparative amounts have also been reclassified to conform with the current year in order to provide a better presentation.

# **10.6 Assets & Bases of their valuation**

### **10.6.1 Property Plant and Equipment**

#### a. Recognition & Measurement

Property, Plant and Equipment which were acquired after 12 October 2009 are stated at cost less accumulated depreciation.

#### b. Cost

The cost of property, plant and equipment comprises its purchase price and any expenditure incurred in bringing the assets to its working condition for its intended use. Subsequent expenditure incurred for the purpose of acquiring, extending, or improving assets of a permanent nature has been treated as capital expenditure.

#### c. Depreciation

The provision for depreciation is calculated by using the straight line method on the cost or valuation of property, plant & equipment, at the following rates over their useful lives.

•	Buildings	5%
•	Boundary Walls	5%
•	Fountain	5%
•	Motor Vehicles	25%
•	Computers	16.66%
•	Furniture & Fittings	10%
•	Office Equipment	10%
•	Plant & Machinery	10%
•	Teaching Equipment	10%
•	Books	10%
•	Other Assets	33.33%

Depreciation is provided for the full year, for year of acquisition and no depreciation is provided for the year of disposal of assets, up to 31.12.2013. Depreciation of assets begins when it is available for use and ceases date on which asset is classified as held for sale/ disposal, from 2013 onwards.

The passenger bus (Ashok Leyland – 42 seater) purchased in 1996 has no carrying value as at 31.12.2016 since it is not in useable state.

The cost of the Establishment Code developed for the University is identified under Other Assets and would be written off once it is feasible for implementation.

#### **10.6.2 Valuation of Assets**

- a. Revalued Property, Plant & Equipment were stated at revalued amounts less accumulated Depreciation.
- b. Life time of the revalued assets , decided by an appointed committee, are as follows.

Furniture & Fittings 08 Yrs

Teaching Equipment 10 Yrs

Life time of the Buildings was taken as 20 Yrs.

The balance useful life time of Property, Plant and Equipment which has zero carrying value as at

31.12.2014, was determined by an appointed committee and depreciated accordingly.

Lifetime from 2014	
Computers (Valued)	2 yrs & 9.5 months
Office Equipment (Valued)	2 Yrs & 9.5 months
Computers – (University funded)	2Yrs & 9 months
Other Assets – (University funded)	2 Yrs & 9 months

The balance useful life time of Property, Plant and Equipment which has zero carrying value as at 31.12.2015, was determined by an appointed committee and depreciated accordingly.

Vehicles (University funded)	12 Yrs from year of purchase
Vehicles (Valued)	12 Yrs from year of purchase
Computers (University funded)	6 Yrs from year of purchase
Library Books (University funded)	6 Yrs from year of purchase
Other Assets (University funded)	6 Yrs from year of purchase

The balance useful life time of Property, Plant and Equipment which has zero carrying value as at 31.12.2016, was determined by an appointed committee and depreciated accordingly.

Computers (University funded)	2 Yrs from year 2016
Library Books (University funded)	5 Yrs from year 2016

The balance useful life time of Property, Plant and Equipment which has zero carrying value as at 31.12.2017, was determined by an appointed committee and depreciated accordingly.

Other Assets (University funded) Library Books (University funded)	3 Yrs from year 2017
Purchased in Year 2012	4 Yrs from year 2017
Purchased in Year 2014	7 Yrs from year 2017

#### **10.6.3 Inventories**

Inventories are stated at the lower of cost and net realizable value. Net realizable value is the estimated selling price at ordinary course of business less the estimated cost of completion and selling expenses.

# **10.7 Provision for Retiring Gratuity**

Provision has been made for the retiring gratuity, which may fall due for payment under the payment of Gratuity Act No. 12 of 1983 for all the employees those who have been in service in the University. The liability to an employee arises only on completion of 5 years of continued service.

The total liability is not externally funded nor is it actuarially valued.

# **10.8 Government Grants & Subsidies**

Government grants that compensate the University for expenses incurred are recognized on receipt. Grants that are in recurrent nature are recognized as income in the statement of financial performance where as grants that are of capital nature have been credited to the differed income and amortized annually on consistent basis over the useful life of the related asset.

# **10.9 Financial Performance Statement**

### **10.9.1 Revenue Recognition**

- a. Revenue from recurrent grant is recognized on receipt.
- b. Course and Diploma fees are recognized on receipt.
- c. Consultancy income is recognized as revenue on completion of such activity.
- d. Other income is recognized on accrual basis.

### **10.9.2 Expenditure**

All expenditure incurred in day to day operations of the university and in maintaining the property, plant and equipment in a state of efficiency, has been charged to Income Statement in arriving at the Surplus/Deficit for the year.

# **10.10 Cash flow Statement**

The Cash flow Statement has been prepared by using the "Indirect Method" Cash and Cash equivalent comprise of bank balances of the University Bank Accounts.

# **10.11 Disclosures**

Events after balance sheet date

There were no events occurring after the Balance Sheet date which require adjustments or disclosures in the financial statements.

# **10.12 Notes to the Financial Statements**

# **11.0 Audit Report**

Report of the Auditor General on the Financial Statements of the University of Vocational Technology for the year ended 31 December 2016 in terms of Section 47 (2) of the University of Vocational Technology Act, No. 31 of 2008

The audit of financial statements of the University of Vocational Technology for the year ended 31 December 2016 comprising the statement of financial position as at 31 December 2016 and the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 47(2) of the University of Vocational Technology Act, No. 31 of 2008. My comments and observations which I consider should be published with the Annual Report of the University appear in this report.

1.2 Management's Responsibility for the Financial Statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

a 306/72, පොල්ලුව සාර, බාත්තරමුල්ල, ලී ලංකාව, - . මූහ. 306/72, බාගාමාළාගෙ නිළි, පළිළාලාගිකතා, දිහත්කක. - No. 306/72, Polduwa Road. Battaramulla, Sri Lanks 🖻 +94-11-2887028-34 🔹 +94-11-2887223 🔬 ag@auditorgeneral.gov.lk 🥻 www.auditorgeneral.gov.lk

່ ຍິດອຳລາມີບວ່າ ຊຽວເວັດຮູອີສາຈຸຍ ເວັດເເດັດເປັດແຕ່ດີ ເອັດແຕ່ ເປັນເຊິ່ງໃຫ້ການໂດ<sub>ນແຕ່</sub> Auditor General's Department

#### Auditor's Responsibility

1.3

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Auditing Standards of Supreme Audit Institutions (ISSAI 1000-1810). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

2

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements.

L believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### 2. Financial Statements

#### <u>Opinion</u>

2.1

1004 March 1012 March 1013 March 1014

In my opinion, the financial statements give a true and fair view of the financial position of the University of Vocational Technology as at 31 December 2016 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

Section 18

The Chairman of the Vocational Training Authority of Sri Lanka and the Secretary to the Ministry of Finance or his nominee should take part in the meetings of the Board of Governors. However, of the 11 meetings held in the year under review, the officer nominated by the Ministry of Finance had not attended 09 meetings, whereas the Chairman of the Vocational Training Authority of Sri Lanka had not attended 08 meetings. Accordingly, it could not be satisfied in audit as to the productivity of the decisions taken by the Board of Governors relating to the financial administration of the University.

Financial Regulation (b.) Regulations of the Democratic Socialist Śri Republic of Lanka.

Action had not been taken to credit the lapsed 571 of the Financial library, laboratory, and hostel deposits totalling Rs. 1,266,275 as at 31 December 2010 to the revenue.

No. Despite being informed that a report on the (c.) Circular, 2013/2014 (ii) of the programme in which all the officers who had Ministry of Financial completed a foreign training programme, and Planning, dated participated be furnished to the Head of the

institution within a period of a month, 18 out of 21 officers who had proceeded abroad since the year 2013, had not furnished such reports.

#### Financial Review

3.

#### 3.1 Financial Results

According to the financial statements presented, the financial result for the year ended 31 December had been a surplus of Rs. 214,709 as against the deficit of Rs. 3,054,300 for the preceding year thus indicating an improvement of Rs. 3,269,009 in the financial result of the year under review as compared with the preceding year. Although the cost on employees had increased by Rs. 16,552,372 whilst the grants from the Skills Sector Development Programme had decreased by Rs. 7,147,326, the said improvement had mainly been attributed by the increase in the recurrent grants of the year by a sum of Rs. 27,787,500.

The analysis on the financial results of the year under review and 04 preceding years indicated that the deficit in the year 2012 had become a significant surplus in the year 2013 that had decreased by the year 2014. The deficit in the year 2015 had become a surplus again in the year under review. However, once the employee remuneration and depreciation on non-current assets had been adjusted to the financial result, the contribution of the year 2012 amounting to Rs. 139,569,752 had become Rs. 216,650,852 by the year under review.

#### 4. Operating Review

#### 4.1 <u>Performance</u>

(a.)

The following observations are made.

To provide opportunities to engage in the higher education for those who have acquired diploma qualification in the field of technical and vocational education field had been the prime objective of the University of Vocational Technology. The other objectives include : contribution to the development of curricula for the technical and vocational education, supply of academic courses for the technical officers of intermediate level qualified enough to be enrolled for the University, presentation of courses required for those who earned National Vocational Qualifications to further their skills, and presentation of extension courses in view of (i)

(ii)

(iii)

ອົດສະເລງມີເວທີ ຂຽວງວັດຂອງວ່າງບ ຈາກໂຈນໂຄກະນຳ ສຸດສະລາດ ຈາງກິນດີ ສົດການໂອ<sub>ຈສາດ</sub> Auditor General's Department

continuous professional improvement. The following observations are made in respect of obtaining the quality standards relating to the achievement of the said objectives.

The Admission, Accreditation, and Quality Assurance Council had been established in terms of Section 21 (1) of the University of Vocational Technology Act, No. 31 of 2008. As per the decision taken by the Council on 18 May 2010, it had been decided to accredit the degree courses relating to engineering conducted by the University through the Institution of Engineers, Sri Lanka whilst the other courses be accredited by the Universities of Moratuwa, Peradeniya, and Colombo in addition to obtaining accreditation from the reputed foreign Universities. However, even after a lapse of 07 years since the establishment of the University, action had not been taken to obtain accreditations for the degree courses as expected.

Although provision amounting to Rs. 50,000, and Rs. 500,000 had been granted for the years 2015 and 2016 respectively in order to obtain accreditations from the Institution of Engineers, Sri Lanka, and local and foreign professional institutions for the courses being conducted by the University under the Skills Sector Development Programme, the University had failed to obtain accreditations even by 02 March 2017, the date of audit.

In terms of Section 21(b) (II) of the University of Vocational Technology Act, No. 31 of 2008, the Admission, Accreditation, and Quality Assurance Council should comprise two representatives from the board nominated by the Board from amongst its appointed members, one of whom at least shall be the member appointed to represent either the Institution of Engineers, Sri Lanka or the Institution of Incorporated Engineers, Sri Lanka. However, only one representative from the board had participated in the meeting of the Council held in the year under review.

(b.) <u>Conducting Degree Courses</u>

විගණකාධිපති දෙපාර්තමේන්තුව งสมหัดสมัณาแห่ มุสมสาทธ สหรับที่ มีสามารับ 6 Auditor General's Department (i) In the years 2010 in which student enrolment for degree courses had been commenced, and 2012, students had been enrolled for 07 and 08 full time courses respectively. However, by the year under review, students had been enrolled only for 05 courses thereof whilst no students had been enrolled for the other courses. (ii) Since the year 2013, students had been enrolled for weekend courses (part time) as well in addition to the full time courses, and by the year under review, 122 students had been enrolled for 05 full time courses whereas 462 students had been enrolled for 13 weekend courses. The management had not taken action to enroll students ensuring optimal utilization of resources by introducing new full time courses. (iii) Due to failure in enrolling at least the minimum number of students for each course, the non-enrollment of students had remained as low as 23 per cent -100 per cent considering the student enrollments for 09 courses conducted in the year under review. (iv)A trend of leaving the courses was observed with the students enrolled to the University in the year under review. As such, 98 out of the 342 students enrolled for 11 courses had left the courses during the year. Considering the

enrolled for 11 courses had left the courses during the year. Considering the courses separately, the percentage of students leaving the courses ranged between 12 per cent to 67 per cent. The management had not taken measures suitable for alleviating this situation.

#### Conducting Diploma Courses

(c.)

The following matters are observed in respect of the Diploma courses conducted by the University since the year 2012.

(i) Although it is an objective of the University to provide academic courses for the technical officers of the intermediate level qualified enough to be enrolled for the University in accordance with the University of Vocational Technology Act, students had not been enrolled in the year 2015 for other Diploma courses except for the Diploma course (National Diploma in

ອີດາອາເລເວັດເອັດ ເຊຍະນິດເອືອກ່ອງຍິ ເວົາເຈົ້າເປັດຄາເດີ ເອັດສາລາດ ອັງດີເຫຼື່ອສາມາດີເອເຫຼ Auditor General's Department

Technical Teacher Education) conducted under the Skills Sector Development Programme. No students had been enrolled for any Diploma course with respect to the year 2016.

Action had not been taken even up to the end of the year 2016 to obtain the National Vocational Qualification for 02 Diploma courses of the NVQ Level 5 conducted by the University in the year 2013. Hence, the University failed to provide the students following the courses, with quality courses.

(iii)

(ii) --

(ii)

It was revealed in the examination conducted on the students who had passed the Diploma courses that, except for 03 courses, the pass rate for other courses remained as low as 7 per cent - 47 per cent. There had been long delays in conducting repeat examinations for the students failed in those courses, and it was observed that the failure in conducting the courses continuously had caused this situation.

#### (d.) Implementation of the Skills Sector Development Programme

A sum of Rs. 254.2 million had been allocated in order to execute 10 activities in accordance with the Action Plan provided with the University for the year 2016 under the Skills Sector Development Programme being implemented for the betterment of vocational training, and a sum of Rs. 157.4 million had been spent by the University for the execution of 08 activities thereof. The following matters were observed in the audit examination conducted in that connection.

(i) Although a sum of Rs. 01 million had been provisioned in the year under review for establishing private and PPP university colleges to offer demanddriven NVQ 5,6 level training programmes, the relevant activities had not been executed.

Although a sum of Rs. 17 million had been allocated for 17 officers in the staff of the University of Vocational Technology including the staff of the University Colleges in order to obtain post graduate qualifications, no financial assistance had been provided for any officer in the year under review to obtain post graduate qualifications; instead, a sum of Rs. 10.7

மனைபைக்கள் கூலம்கையேற்ற வார்கள்ளார் நகைகாட அதிழி நிலைப்பிர Auditor General's Department,

million had been spent from those funds on 05 officers for whom provisions had been granted in the preceding year.

Although a sum of Rs. 06 million had been allocated in the year under review for facilitating NVQ 5 for TVET Trainer, a sum of Rs. 4.94 million therefrom had been spent on 238 trainees enrolled in the year 2015. Notrainees had been enrolled in the year 2016.

Of the sum amounting to Rs. 01 million provisioned to develop curricula with industry inputs and guidance from reputed Universities, only the degree course on hotel management had been developed by spending a sum of Rs. 0.39 million.

Of the sum amounting to Rs. 5.5 million provisioned for establishing a mechanism to monitor academic and administrative quality in University Colleges, a sum of Rs. 5.496 million had been spent on a Video Conference System for the University. Nevertheless, the expected objective could not be achieved as such systems had not been installed at the Colleges functioning under the purview of the University. The sum of Rs. 20 million provisioned for the Video Conference Systems of the Ministry and the Colleges, had not been utilized.

### 4.2 Management Activities

(iii)

(iv)

(v)

The approval of the Department of Management Services required to be effective for the Establishments Code formulated in the year 2015 for the University, had not been obtained even by the end of the year under review.

### 4.3 **Operating Activities**

The following observations are made.

(a.) Appointment of Visiting Lecturers for the Degree Courses

The following matters are observed in respect of the expenses made on the visiting lecturers of the University of Vocational Technology since the year 2011.

(i)

(ii)

(iii)

(b.)

(c.)

(i)

g

ອິດອາເລງລືອງທີ່ ເຊຍງອີງເອຍີ່ສາງຍິ ເວກເຈົ້າເປັດແຕ່ເ ກຸລາເວທີ ອາດີເຫຼີ ເຈັດການເອດ Auditor General's Department

Foreign scholarships had been granted simultaneously to 10 underqualified officers absorbed into the academic staff of the University of Vocational Technology, in respect of post graduate studies over a period of 01 year 09 months and 22 days since 09 August 2010. Accordingly, in view of proceeding with the academic activities of the University during that period, the University had to incur additional costs amounting to Rs. 2,799,119 and Rs. 5,210,428 in the years 2011 and 2012 respectively on the visiting lecturers.

Although promotions had been granted for 17 persons in respect of the post of lecturer (probationary) in the year 2013, the expenditure on the visiting lecturers in that year had been as high as Rs. 8,043,300 which is an increase of 54 per cent when compared to that of the preceding year amounting to Rs. 5,210,428.

The contribution of the visiting lecturers in the year under review had been 55 per cent of the total lecture hours recommended for each degree course. The University had incurred a sum of Rs. 17,266,578 in the year by way of payments on the visiting lecturers, indicating an increase of Rs. 6,874,366 as compared to the year 2015. Accordingly, the contribution of the academic staff of the University to the courses conducted by the University, had remained low.

Action should have been taken to establish ethics for the academic staff in the University in terms of the Circular, No. UGC/AC/QA/Gen of the University Grants Commission dated 07 May 2015 under the title "Ethics and Academic Accountability for Academic Staff in the Sri Lankan University System". However, due to failure in doing so, the opportunity to obtain an even efficient and productive contribution from the academic staff had been deprived of.

#### Payment of Research Allowances

In terms of Section 4(ii) of the Department of Management Services Circular, No. 02/2014, dated 11 February 2014, an interim report should be furnished to the Committee within a period of 06 months from the date of commencement of the research by providing details on the progress of the research report. However, the officers had not furnished reports in such a manner.

່ ຍຶດອາລາວິນອີ ຊະນາວິນອອອີກສູບ ຈາກປະເປັດແມ່ນ ສຸກສາສາ: ຈາກີເຖິງ ສົນການຜູ້ແມ Auditor General's Department

An officer had been paid a sum of Rs. 469,523 during the period from March 2015 to September 2016 by way of research allowance for conducting researches. But, even by 27 August 2017, the final research report had not been furnished in terms of Section 4 (iii) of the said Circular. However, this officer had resigned from the University service on 13 September 2016.

### 4.4 Idle and Under Utilized Assets

(ii)

The official residence of the Director General belonging to the University had remained idle without being used from November 2012 up to the end of the year under review.

### 4.5 <u>Contract Process</u>

Approval had been granted to provide a sum of Rs. 17.9 million initially in the year 2011 whilst the balance will be provided annually through estimated provisions up to 3 years from the year 2012 for the Learning Resources Development Centre proposed to be built at a cost of Rs. 359.9 million including a sum of Rs. 150 million for equipment under the objectives of increasing the number of students enrolled for the University of Vocational Technology, enhancing the capacity of the institution, maintaining the learning environment, and conducting post graduate courses. It had been informed through the Cabinet Decision, No. q@e/11/2152/539/017-1 that the construction of the building complex should be done by managing the funds in a manner not exceeding the provisions. By the end of the year 2016, a sum of Rs. 206.5 million had been spent on the constructions though, approval of the Cabinet had not been granted for the expense on the additional works of the building complex that had exceeded the approved provision by a sum of Rs. 75 million. As such, the construction works had not progressed in the year 2016. Nevertheless, it was observed in audit that the project had been delayed due to failure in taking action efficiently without proper planning.

#### 4.6 <u>Staff Administration</u>

່ ຍິດເອົາລາມີລາດີ ອຽວນວັດອອີກາ່າງຍິ ພາກຄໍດາໄດນແມ່ ມູລາມສຸທ ອາຊິງເຊິ່ ມີລາກເຮັ້ນສາມ Auditor General's Department

The following observations are made.

(a.)

(b.)

(c.)

(d.)

(e.)

When absorbing the staff into the University of Vocational Technology on 12 October 2012 contrary to the Letter, No. DMS/E4/47/2/280/1 of the Additional Director General of the Department of Management Services, dated 27 July 2009, ten members of the academic staff had been absorbed in a manner personal to holder basis of post although they had not met the minimum requirements necessary for the post in accordance with the approved Scheme of Recruitment, but approval of the Department of Management Services had not been obtained in that connection. Furthermore, the qualifications of 05 of the said lecturers had not been verified through the relevant Universities.

A lecturer placed in the post of senior teaching assistant in a manner personal to holder basis, had left for Thailand to follow a post graduate course having received a foreign scholarship under the Technical Education Development Project, but failed to complete the degree within the specified duration. However, no action whatsoever had been taken by the University to recover the sum of Rs. 3,876,544 spent on that scholarship along with additional academic expenses amounting to Thai Baht 154,503.43 (Rs. 34,170).

Although qualifications had not been met in accordance with the Scheme of Recruitment, and without verifying the qualifications through the relevant Universities, a teaching assistant had been appointed to the post of lecturer (probationary) in the information technology division with effect from 01 September 2013.

Action had not been taken to verify the validity of the degree and the results of a lecturer who had completed the post graduate degree of 2 years in a University in India, through that University.

When appointments and promotions were made with respect to the posts belonging to the academic category in terms of Section 5.4 (i) of the approved Scheme of Recruitment of the University, 11 audit reports had been issued in the year relating to 02 areas audited out of the 14 areas expected to have been covered in accordance

ຍົດອາຕາມີເວທີ ອຽນເອັດອອີກກ່ຽວ ການໄດ້ເມັດກະເປັດການສະ ເທລີເຫຼີ ກິນການໂດນແ Auditor General's Department\*

with the audit plan prepared for the year under review with respect to that Scheme, but 05 reports therefrom had been issued on the decision of personal salaries.

(f.) Although this Division had been assigned with the responsibility of conducting internal audits of 06 University Colleges established under the purview of the University of Vocational Technology, no continuous audit had been carried out on the University Colleges, and only the University College in Anuradhapura had been audited thereby issuing a report in the year under review.

5. <u>Tabling of Annual Reports</u>

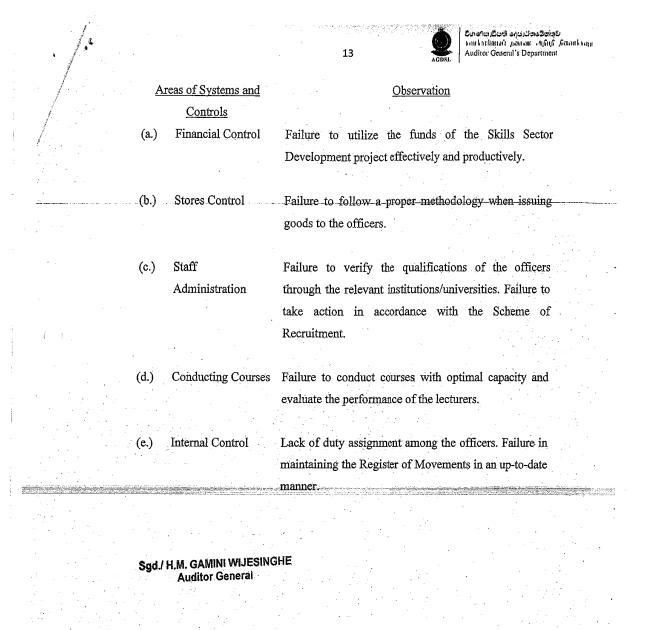

In terms of Section 6.5.3 of the Public Enterprises Circular, No. PED/12, dated 02 June 2003, the annual report including the annual final accounts prepared in three languages, should be tabled in Parliament within a period of 150 days from the close of the financial year together with the audit report. However, the annual report of the University for the Accounting Year 2015 had not been tabled in Parliament.

Systems and Controls

6.

Deficiencies in systems and controls observed during the course of audit were brought to the notice of the University from time to time. Special attention is needed in respect of the following areas of control.

## University of Vocational Technology – Annual Report 2016

	review. However, once the employee remuneration and depreciation on non-current assets had been adjusted to the financial result ,the contribution of the year 2012 amounting to Rs.139,569,752 had become Rs.216,650,852 by the year under review.	
4	Operating Overview	
4.1	Performance	
(a)	To provide opportunities to engage in the higher education for those who have acquired diploma qualification in the field of technical and vocational education field has been the prime objective of the University of Vocational Technology. The other objectives include : contribution to the development of curricula for the technical and vocational education ,supply of academic courses for the technical officers of intermediate level qualified enough to be enrolled for the University ,presentation of courses required for those who earned National Vocational Qualifications to further their skills ,and presentation of extension courses in view of continuous professional improvement. The following observations are made in respect of obtaining the quality standards relating to the achievement of the said objectives.	
(i)	The Admission, Accreditation, and Quality Assurance Council had been established in terms of Section 21 (1) of the University of Vocational Technology Act, No.31 of 2008. As per the decision taken by the Council on 18 May 2010, it had been decided to accredit the degree courses relating to engineering conducted by the University through the Institution of Engineers, Sri Lanka whilst the other courses be accredited by the Universities of Moratuwa , Peradeniya and Colombo in addition to obtaining accreditation from the reputed foreign Universities. However, even after a lapse of 07 years since the establishment of the University, action had not been taken to obtain accreditations for the degree courses as expected.	The relevant engineering degrees were accredited by the Institution of Engineers, Sri Lanka and there is no procedure to accrediting courses of another university by other universities. The Institution of Engineers, Sri Lanka Accreditation was received on 2017.10.10 for the Building Services Technology, Mechatronics Technology, Manufacturing Technology degree programmes offered by this University.
(ii)	Although provision amounting to Rs. 50,000 and Rs.500,000 had been granted for the years 2015 and 2016 respectively in order to obtain	The University of Vocational Technology has obtained the

	accreditations from the institution of Engineers, Sri Lanka, and local and foreign professional institutions for the courses being conducted by the University under the Skills Sector Development Programme, the University had failed to obtain accreditations even by 02 March 2017, the date of audit.	membership of the Association of Commonwealth Universities. Through this, the degrees offered by our university are recognized by the other universities listed under the Association of Commonwealth universities. Applications were forwarded to obtain the accreditation of the Institution of Engineers, Sri Lanka in April 2016 and degrees conducted by this university for the streams of Building Services Technology, Mechatronics Technology, Manufacturing Technology were accredited on 2017.09.08 after relevant reviews.
(iii)	In terms of Section 21(b) (II) of the University of Vocational Technology Act,No.31 of 2008, the Admission, Accreditation , and Quality Assurance Council should comprise two representatives from the board nominated by the Board from amongst its appointed members ,one of whom at least shall be the member appointed to present either the Institution of Incorporated Engineers ,Sri Lanka. However, only one representative from the board had participated in the meeting of the Council held in the year under review.	Only one member was appointed to conduct the Admission, Accreditation, and Quality Assurance Council initially. In present, two members have been appointed to conduct the Admission, Accreditation, and Quality Assurance Council as the requirement of the Act.
(b)	Conducting Degree Courses	
(i)	In the years 2010 in which student enrolment for degree courses had been commenced, and 2012, students had been enrolled for 07 and 08 full time courses respectively. However by the year under review, students had been enrolled only for 05 courses thereof whilst no students had been enrolled for the other courses.	No courses are offered full time & part time basis by this university. Weekday courses are offered for unemployed students and weekend courses are offered for employed students. Thus all courses should be considered as full time. Therefore, the Semester of weekday courses consist 15 weeks, and the Semester of weekend consist 23 weeks, to maintain the required number of lecturing hours in the same level. New courses have been introduced in 2013, 2014 and 2015 as per the Action Plan based on the labor market demand and the capabilities of the university and students have been recruited for those courses.
(ii)	Since the year 2013, students had been enrolled for weekend courses (part time) as well in addition to the full time courses, and by the year under review, 122 students had been enrolled for 05 full time courses whereas 462 students had been enrolled for 13 weekend courses. The management	According to the objective of the establishment of the university, students who have obtained NVQ level 5 or equivalent qualifications are recruited for the degree programmes. Since most of them are employed, they motivate to work during weekdays and conduct

	had not taken action to enroll students ensuring optimal utilization of resources by introducing new full time courses.	degree during weekends. Thus higher numbers of students have been recruited for weekend courses. All applicants who have qualified for the weekday courses have recruited. Decline of number of students passed out from other vocational training institutes with NVQ level 5 qualifications is a reason for decreasing number of registered students at the university. Since a policy decision has taken to consider GCE A/L qualification as
		an entry requirement to the university, students will be recruited for 2017 based on the demand for the weekday and weekend courses.
(iii)	Due to failure in enrolling at least the minimum number of students for each course, the non-enrollment of students had remained as low as 23 percent 100 percent considering the student enrollments for 09 courses conducted in the year under review.	Most of the students who qualified with NVQ level 5, find jobs soon and they are willing to do their higher studies while doing jobs. Thus there is a high demand for weekend courses from NVQ 5 qualified students. Since courses have been conducted as suite to the students demand, all courses are conducted for weekend, allowing students to follow the degree while doing jobs. Accordingly, It is clear that actions have taken to achieve the objectives of the University.
(iv)	A trend of leaving the courses was observed with the students enrolled to the University in the year under review. As such, 98 out of the 342 students enrolled for 11 courses had left the course during the year. Considering the courses separately, the percentage of students leaving the courses ranged between 12 percent to 67 percent. The management had not taken measures suitable for alleviating this situation.	Some students, who registered at this University, leave the course at least without siting for the 1 <sup>st</sup> Semester Examination. Some others leave the course after sitting for few Semester Examinations. Some students complete their degrees after siting for repeat examinations. Also some students complete their degree with a junior batch (with deferment) while maintaining their studentship, because they failed to continue studies with the first registered batch due to personal reasons. Leaving education due to personal reasons is general in Adult Education.
(c)	Conducting Diploma Courses	

(i)	Although it is an objective of the University to provide academic courses for the technical officers of the intermediate level qualified enough to be enrolled for the University in accordance with the University of Vocational Technology Act, students had not been enrolled in the year 2015 for other Diploma courses expect for the Diploma course (National Diploma in Technical Teacher Education) conducted under the Skills Sector Development Programme . No students Had been enrolled for any Diploma course with respect to the year 2016.	Since the role of the University of Vocational Technology is to conduct degree (NVQ 7) programmes, Board of Governors decided to not to start diploma courses. Diploma courses are conducted by the University Colleges. Only the course "National Diploma in Technical Teacher Education" which is conducted for teachers of the Technical & Vocational education institutes is conducted at the University. Instead of diploma courses "NDTPT,NDTPP & NDQS" conducted in 2015 relevant degree programmes have commenced and conduct.
(ii)	Action had been not taken even up to the end of the year 2016 to obtain the National Vocational Qualification for 02 Diploma courses of the NVQ Level 5 conducted by the University in the year 2013. Hence, the University failed to provide the students following the courses, with quality courses.	National Diploma in Technical & Vocational Education:- Discussions were conducted between University of Vocational Technology & Tertiary & Vocational Education Commission regarding the accreditation of this diploma; It has been accredited to NVQ 5 by the Tertiary & Vocational Education Commission. Accordingly, the course has been commenced and conducts; the university awarded Diploma certificates for the students who have successfully completed the course. TVEC conduct evaluations on these days in order to award NVQ 5 certificate which is issued by the TVEC. After successfully completing the evaluations, certificates for students will be issued by the TVEC. National Diploma in English: - This diploma course is not conducted by the university since 2013. B.Ed (ELT) degree course has been introduced.
(iii)	) It was revealed in the examination conducted on the students who had	Some students who are following this diploma course, failed the first
	passed the Diploma courses that , except for 3 courses, the pass rate for other courses remained as low as 7 percent – 45 percent . There had been	attempt examination, due to the reasons such as fail whole examination due to fail of one subject, did not submit assessments

(ಭಾ)	Implementation of the Skills Sector Development Programme	
	A sum of Rs. 254.2 million had been allocated in order to execute 10 activities in accordance with the Action Plan provided with the University for the year 2016 under the Skills Sector Development Programme being implemented for the betterment of vocational training, and a sum of Rs. 157.4 million had been spent by the University for the execution of 08 activities thereof. The following matters were observed in the audit examination conducted in the connection.	
(i)	Although a sum of Rs. 01 million had been provisioned in the year under review for establishing private and PPP university colleges to offer demand- driven NVQ level training programmes, the relevant activities had not been executed.	This task has been included to the Action Plan of the Skills Sector Development Programme without the agreement of University of Vocational Technology. PPP Colleges are not the institutes which are established under the Act of University of Vocational technology. This University cannot expense money for the institutes which are not legally connected with the University.
(ii)	Although a sum of Rs. 17 million had been allocated for 17 officers in the staff of the University of Vocational Technology including the staff of the University Colleges in order to obtain post graduate qualifications, no financial assistance had been provided for any officer in the year under review to obtain post graduate qualifications; instead, a sum of Rs. 10.7million had been spent from those funds on 05 officers for whom provisions had been granted in the preceding year.	Applications were called from Staff of the University and University Colleges for post graduate scholarships. All applicants who applied with the registration at a recognized university received the opportunity and required money was expended. There exists a shortage of lecturers at the University who qualified to apply for the postgraduate degrees.
		Since actual course fee is higher than estimated course fee, It had been expended more than estimated for give postgraduate opportunity for these 5 students. It is a long term investment done for the human resource development of this University. It is not fair to consider the investment made to develop the academic staff of a university only in the value of money.
(iii)	Although a sum of Rs. 06 million had been allocated in the year under review for facilitating NVQ 5 for TVET Trainer, a sum of Rs.4.94 million	In December 2015 238 trainees and, in November 2016 152 trainees have been recruited for the above mentioned training.

	therefrom had been spent on 238 trainees enrolled in the year 2015. No trainees had been enrolled in the year 2016.	
(iv)	Of the sum amounting of Rs. 01 million provisioned to develop curricula with industry inputs and guidance from reputed Universities, only the degree course on hotel management had been developed by spending a sum of Rs. 0.39 million.	Since the Canada Global University Service has been funded for the Hotel Management, the expenditure for this was minimized. Preparation of the basic syllabus for the Postgraduate degree in Education Management has been done by Department of Education & Training Technology of Faculty of Training Technology with the collaboration of an advisor of University of "Kaiserslautern", Germany. For this, instructions from Germany has been received free of charge. The university has been expended only for meals and catering. Thus money has been expended less than estimated money.
(v)	Of the sum of amounting to Rs. 5.5 million provisioned for establishing a mechanism to monitor academic and administrative quality in University Colleges, a sum of Rs. 5.496 million had been spent on a Video Conference System for the University. Nevertheless, the expected objective could not be achieved as such systems had not been installed at the colleges functioning under the purview of the University. The sum of Rs. 20 million provisioned for the Video Conference Systems of the Ministry and the Colleges, Had not been utilized.	A video Conference System was purchased by the University to conduct discussions and conferences with foreign Universities and Institutions. It was also decided to implement it has a pilot project. Therefore, it was decided to use the allocated funds for other necessary projects. On the success of this project, it has been decided to award a video conference system to the Jaffna University.
4.2	Management Activities	
	The approval of the Department of Management Services required to be effective for the Establishments Code formulated in the year 2015 for the University ,had not been obtained even by the end of the year under review.	
4.3	Operating Activities	
(a)	Appointment of Visiting Lecturers for the Degree Courses	
(i)	Forigen scholarships had been granted simultaneously to 10 underqualified officers absorbed into the academic staff of the University of Vocational Technology ,in respect of post graduate studies over a period of 1 year 09	The Staff of the National Institute of Technical Education, Sri Lanka was absorbed into the University with the commenced of this

	months and 22 days since 09 August 2010. Accordingly, in view of proceeding with the academic activities of the University during the period,the University had to incur additional costs amounting to Rs. 2,799,119 and Rs. 5,210,428 in the years 2011 and 2012 respectively on the visiting lecturers.	University. These Academic Staff are not qualified to the level of academic staff of a university. It is essential that the academic staff of a university be experienced in a foreign university. Rather than expending money for Visiting Lecturers, actions have been taken considering the benefit will be received through human resource development as a capital investment. Approval has been received for these Training programmes with the recommendation of Leave and Awards Committee. Expenses for relevant foreign training has been spent by Technical Education Development Project (TEDP) Initially, any university is given priority for improving the qualifications of the academic staff. It will improve the standards of the university courses.
(ii)	Alothough promotions had been granted for 17 persons in respect of the post of lecturer (probationary) in the year 2013, the expenditure on the visiting lecturers in the year had been as high as Rs.8,043,300 which is an increse of 54 percent when compared to that of the preceding year amounting to Rs. 5,210,428.	Only weekend courses were commenced in 2010 and only weekday courses were commenced in 2012 at this University. Since 2013, both weekday courses and weekend courses were commenced and introduced new degree courses also. Accordingly, the University Staff had to teach for 3 batches in 2013 as the university started Academic courses since 2010. Since number of Academic Staff were insufficient It was essential to obtain the service of professionals in the field, thus service of the Visiting lecturers was obtained. As mentioned in this Audit Query, Seventeen (17) members who recruited for the post of Lecturer (Probationary) were worked at the University as Teaching Assistant of the Academic Staff. Therefore, their designations have been changed, but number of lecturers has not been changed.

	The official residence of the Director General belonging to he University remained idle without being used from November 2012 up to the end of the year under review.	This Official Residence is being renovated. She will move to the Official Residence after the renovation is completed.
4.4	Idle and Under Utilized Assets	
(ii)	An officer had been paid a sum of Rs. 469,523 during the period March 2015 to September 2016 by way of research allowance for conducting researches. But, even by 27 August 2017, the final research report had not been furnished in terms of Section 4 (II) of the said Circular. However, this officer had resigned from the University service on 13 September 2016.	The former Vice Chancellor has focused on this research. The duration of the research is two years. Before leaving for the relevant two year period, he left the university service.
(i)	In terms of Section 4 (ii) of the Department of Management Services Circular, No. 02/2014, dated 11 February 2014, an interim report should be furnished to the Committee within a period of 06 months from the date of commencement of the research by providing details of the progress of the research report. However, the officers had not furnished reports in such a manner.	At present, actions are taken according to this circular.
<u>(क्र)</u>	System'. However, due to failure in doing so ,the opportunity to obtain an even efficient and productive contribution from the staff had been deprived of.           Payment of Research Allowances	
(b)	Action should have been taken to establish ethics for the academic staff in the University in terms of the Circular, No .UGC/AC/QA/Gen of the University Grants Commission dated 07 May 2015 under the title 'Ethics and Academic Accountability for Acadamic Staff in the Sri Lankan University	Actions have been taken accordingly.
(iii)	The contribution of the visiting lecturers in the year under review had been 55 percent of the total lecture hours recommended for each degree course. The University had incurred a sum of Rs. 12,266,578 in the year by way of payments on the visiting lecturers, indicating an increse of Rs. 6,874,366 as compared to the year 2015. Accordingly, the contribution of the academic staff of the University to the courses conducted by the University, had remained low.	Since there is not sufficient Academic Staff for teaching activities of the existing degree programmes of the University, shortage is covered by obtaining the service of experts in the field with skills & experience.

4.5	Contract Process	
	Approval had been granted to provide a sum of Rs.n17.9 million initially in the year 2011 whilst the balance will be provided annually through estimated provisions up to 3 years from the year 2012 for the Learning Resource Development Centre proposed to be built at a cost of Rs. 359.9 million including a sum of Rs. 150 million for equipment under the objectives of increasing the number of students enrolled for the University of Vocational Technology, enhancing the capacity of the institution, maintaining the learning environment and conducting post graduate courses. It had been informed through the Cabinet Decision, No. අ⊕≊ /11/2152/539/017-1 that the construction of the building complex should be done by managing the funds in a manner not exceeding the provisions. By the end of the year 2016, a sum of Rs. 206.5 million had been spent on the constructions through, approval of the Cabinet had not been granted for the expense on the additional works of the building complex that had exceeded the approved provision by a sum of Rs. 75 million. As such, the construction works had not progressed in the year 2016. Nevertheless, it was observed in audit that the project had been delayed due to failure in taking action efficiently without proper planning.	The required plan for this had been sent for the approval, but obtaining Cabinet approval was postponed due to the reasons such as change of the honorable minister, change of the Secretary to the ministry. But all the classrooms exist there were used for lectures, only the studio complex had not been able to complete. All necessary arrangements were made to complete all during 2017.
4.6	Staff Administration	
(a)	When absorbing the staff into the University of Vocational Technology DMS/E4/47/2/280/1 of the Additional Director General of the Department of Management Studies, dated 27 July 2009,ten members of the academic staff had been absorbed in a manner personal to holder basis of post although they had not met the minimum requirements necessary for the post of accordance with the approved Scheme of Recruitment ,by approval of the Department of Management Services had not been obtained in that connection. Furthermore, the qualifications of 05 the said lecturers had not been verified through the relevant Universities.	As a decision had been taken by the management of the university at that time, eight (8) members had been absorbed to the Academic Staff in a manner personal to holder basis. The relevant duties are carried out through the Administration Division. Verification of the certificates of the newly recruited is being done, but handling personal files is carried out by a single management assistant and unable to verify the certificates of absorbed staff members due to the duty abundance. Actions have

		been taken to complete that task in due course.
(b)	A lecturer placed in the post of senior teaching assistant in a manner personal to holder basis, had left for Thailand to follow a postgraduate course having received a foreign scholarship under the Technical Education Development Project, but failed to complete the degree within the specified duration. However, no action whatsoever had been taken by the University to recover the sum of Rs. 3,876,544 spent on that scholarship along with additional academic expenses amounting to Thai Baht 154,503.43 (Rs. 34,170).	The relevant officer should have to complete the postgraduate degree on 01 <sup>st</sup> June 2012, but he came back to Sri Lanka on December 2011 due to medical reasons. He had been postponed his Academic term by providing medical certificates and he had reported to the university service since 2012.12.31. The postgraduate degree had been completed December 2017 and certified copy of the relevant had been submitted to the University of Vocational Technology.
(c)	Although qualifications had not been met in accordance with the Scheme of Recruitment, and without verifying the qualifications through the relevant Universities, a teaching assistant had been appointed to the post of lecturer ( probationary) in the information technology division with effect from 01 September 2013.	This officer has been awarded Postgraduate degree in Information Technology on 01.01.2012 and has been worked as an Assistant Lecturer in the National Industrial Education Institute which is the prior institute of University of Vocational Technology with effective from 2018 .04.07. Since this officer had been completed required qualification, she was recruited to the post of Lecturer (Probationary) at the interview held on August 2013. Accordingly, she has been completed required qualifications as the recruitment procedure. Verification of certificates from the relevant universities has not
		been done in 2013, however relevant verifications has been done at now.
(d)	Actions had not been taken to verify the validity of the degree and the results of a lecturer who had completed the postgraduate degree of 2 years in a University in India, through the University.	When recruiting this officer for the post of lecturer (probationary), the 1 <sup>st</sup> degree has obtained from the University of Kelaniya (with class) has been considered only.
		Thus her relevant postgraduate degree has not been considered.
		Verification of certificates from relevant universities will be done in the future.
(e)	When appointments and promotions were made with respect to the posts belonging to the academic category in terms of Section 5.4 (i) of the	The attorney general advice regarding the relevant post has been

	approved Scheme of Recruitment of the University, 11 audit reports had been issued in the year relating to 02 areas audited out of the 14 areas expected to have been covered in accordance with the audit plan prepared for the year under review with respect to that scheme, but 05 reports therefrom had been issued on the decision of personal salaries.	obtained and has taken steps for do corrections.
(f)	According to Section 5.4.1 of the Scheme of Recruitment for the post of assistant bursar, appointments should be made from external applicants for 60 percent of the existing vacancies. Nevertheless, internal officers had been appointed for 3 posts that had reminded vacant in the approved cadre.	There are 3 positions for the post of Assistant Bursar of the university approved cadre. Two posts from that were given to the two qualified officers while absorbing officers of the National Industrial Education Institute to the University on 2009.10.12. Applications were called for the qualified internal officers via an advertisement, due to requirement of filling the vacant Assistant Bursar position with the rising of university duties. Two applicants were applied for the post of Assistant Bursar here. A written examination was conducted for the applicants as the Scheme of Recruitment and the officer who had been obtained the required minimum marks was called for the interview. As the performance at the interview he was recruited for the post. Hereby informed that all recruitments will be done according to the approved Scheme of Recruitment in the future.
(g)	Appointment of Director(Admission, Accreditation and Quality Assurance)	
(i)	According to the Section 16(I) of the University of Vocational Technology Act, No 31 of 2008, The Director, Admission, Accreditation, and Quality Assurance of the University shall be appointed by the Board upon recommendation of a Selection Committee, and hall function as a full-time Officer of the University. However, through the Letter, No. UNIVOTEC/AC/SAL/112, dated 28 August 2014, a senior lecturer of grade II had been appointed to the post of director of the University for a period of 3 years on personal to holder basis in addition to his current position with effect from 01 September 2014. Furthermore, approval of the Department of Management Services had not been obtained on the Scheme of Recruitment relating to the said post even by the end of the year 2016.	Applicationas were called via an internal advertisment published on April 2014 for recruit qualified internal officer for this post. For this post Senior Lecturer (Grade II), Mr S.A Liyanage has been applied only. The relevent examination board has been recommended for that post by providing 72 marks at the interview held on 2014.07.05. Board of Governers Approval for that reommondation has been obtained at its 52 <sup>nd</sup> meeting and Ministry approval has been obtained by the letter dated 2014.08.27. Accordingly, the officer was recruitted for the post for 3 year period effective from 1 <sup>st</sup> September 2014.

(ii)	According to Section 13.1 (a) of chapter II of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, every acting appointment should be made with the approval of the cabinet when it becomes essential for a public officer to perform the full duties of an additional post or of the duties of more than one post. On the contrary, one officer had been assigned to perform duties of two full time posts of lecturer, and director. As such, in addition to the salaries and allowances for the post of lecturer, vehicle and fuel allowance, peculiar to that post, had also been paid since September 2014. The sum paid in such a manner up to April, 2017, the date of audit, totaled Rs. 942,180.	All details relevant to the recruitment has been forwarded to the ministry and ministry approval for the relevant recruitment has been obtained via a letter dated 2014.08.27. Recruiting Academic staff of the University for the posts such as Head of the Department, Dean, Director, Warden for the period of 3 years is the tradition. These posts were carried while holding relevant academic staff membership also. Since this post was established by the university of Vocational technology Act, No 31 of 2008, vehicles and fuel allowance owned to the post of director are allowed for this post. Accordingly, relevant allowances have been paid for him.
(h)	Appointment of an Acting Director to the University College of Ratmalana	
(i)	According to the Sections 131.2 and 13.4 of Chapter II of the Establishments Code, when an officer is recommended for an acting appointment, the officer should be qualified in all respects for appointment to the post in terms of the approved Scheme of Recrutment. However, a lecturer appointed to the post of lecturer, grade II on the personal to holder basis, had been appointed to the post of acting director of the College with effect from 15 July 2016 although he had not qualified enough for the post of director. The amount paid by the College as acing salary and fuel allowance, totaled Rs. 179,100.	Since this officer already works as a Senior lecturer in University of Vocational Technology , as the requirment this post was offered to this officer on 2016.07.15. He had been held this post till 2017.01.31 only.
(ii)	Section 9.3.1 (vi) of Public Enterprises Circular, No. PED/12, dated 02 June 2003, states that an acting appointment should not be made for an unspecified period, but such appointments had been made for unspecified periods in accordance with the Letter of Appointment, no. UVT/Admin/SAL/111, dated 14 July 2016.	This recruitment was done under the approval of the Board of Governors, considering as an urgent duty should essential to be done with the aim of normalizing a huge problematic conditions occurred between students, staff and Board of Management of the University College of Ratmalana in mid of the 2016. After solving all problematic conditions within 3 months, the relevant
		officer has been informed to resign from the aforesaid post, however

		he had been deployed on service for another 6 months and 15 days period due to the inability of the university to recruit an appropriate officer. Relevant sectors were made awareness for take actions according to the indicated administration provisions and personally take actions also for that.
5	Accountability and Good Governance	
5.1	Internal Audit	
	An adequate staff had not been attached to the Internal Audit Unit of the University, whereas only two officers of the posts, internal auditor and clerk had been attached. The following matters are observed in that connection.	
(a)	Failing to consider the Letter, No. DMA/ADM/2011/1-26 of the Director General of the Management Audit Department , dated 23 December 2011, and the Financial Regulation , 133 (2) (a) (i) , the internal audit had not been planned covering the areas such as, achieving the targets of the Colleges and the University , performance , and evaluation of internal control of the accounting, financial and administrative divisions. Out of the 14 areas expected to have been covered in accordance with the audit plan prepared for the year under review, 11 audit reports had been issued in the year relating to 02 areas audited. However, 05 reports there from had been issued on the decision of personal salaries.	Preparing Internal Audit Plan and carrying out internal audit duties within the year with the approval of Managment commettes and the Board of Governers is done. The internal Audit Division is carried out duties such as Auditing capital payment process before doing payments,Solving problams have to faced regarding salaries and auditing before doing payments,Preparing documentry reports presented to the commitee of General Business, Answering for the audit queries which are received from Audit Department time to time. Since corrections are done fot the observed errors ,while auditing before making payments, the number of presenting audit queries are decreased.
(b)	Although this Division had been assigned with the responsibility of conducting internal audits of 06 Universty Colleges establised under the purview of the University of Vocational Technology, no audit had continuosly been carried out on the University Colleges, and only the University College in Anuradhapura had been audited thereby issuing a report in the year under review.	This University also has only one Assistant Internal Auditor. The approval for a Senior Assistant Internal Auditor is requested from the Department of management Services since 2014, but not received yet. Only one university college was audited in 2016 with the contribution of limited human resources of the Internal Audit

		Division. Internal Audit duties of the university colleges are carried out by an Internal Auditor recruited on contract basis in present.
5.2	Tabling of Annual Reports	
	In terms of Section 6.5.3 of the Public Enterprises Circular, No. PED/12, dated 02 June 2003, the annual report including the annual final accounts prepared in three languages, should be tabled in Parliament within a period of 150 days from the close of the financial year together with the audit report. However, the annual report of the University for the Accounting Year 2015 had not been tabled in parliament.	Annual Report 2015 – Forwarded for the approval of the Ministry of
